## Chamber Chatter

By IRENE GROVE

The Albany Fire Department and your Albany Chamber of Commerce are again entering the United States Chamber of Commerce National Inter-Chamber Fire Safety Contest. Capt. Richard McSheehy of the Albany Fire Prevention Bureau is hard at work preparing Albany's entry which consists of the official report form and an excellent scrapbook of reports, newspaper clippings and pictures of Albany's fire prevention activities. He is to be commended for an excellent job and due to Albany's fine fire record and his work on the project, Albany should again be a winner.

Perhaps a word of explanation is due on the contest. It is an annual project sponsored by the United States Chamber of Commerce. Entries are classified according to the population of the city. Albany falling into the 20,000 or under classification. Entries are mailed before March 15 and the awards are presented at the annual United States Chamber of Commerce meeting in Washington the latter part of April.

Contest points are gained on several classifications: Reduction in fire losses, or consistently good

record. Permanent structural and protective improvements. Educational activities.

It is interesting to know that our city has been a perennial winner of an award since 1950. In 1957, Albany was winner of the top award for its classification and in 1958 a winner of the Merit Certificate.

There is an excellent reason for this as Albany has a record for all of its points to "with great pride. Evidence of this is presented in the Annual Report of the Albany Fire Department for 1958. Copies are available at your Chamber of Commerce office. A significant chart brings the picture close to us on per capita fire loss. In 1955, this was \$121.87 in 1956, 80 in 1957 and in 1958 only .22. Total property loss by fire in 1958 was only \$425. Three cheers for our efficient Fire Department . . . thanks to you Albany is not only a wonderful city in which to live and work but a "fire-safe" one as well.

Sign of progress . . . Albany will soon have a fine business addition to our city . . . a motel at 954 San Pablo Avenue . . . more about this later.

More new businesses in Albany . . . Have you visited "Red's" Leather Goods Shop at 1412 Solano Avenue? N. E. "Red" Schneidau opened his shop several weeks ago and has a most gorgeous array of hand-made leather goods. "Red" also does custom work and "will try to make anything but a saddle."

Also recently opened is an Ade's Steak Outlet at 814 San Pablo Avenue, operated by Mr. and Mrs. J. K. Moore . . . excellent buys on tasty steaks for your freezer or table.

New owners of Fashion Cleaners at 818 San Pablo Avenue, March 1, are Mr. and Mrs. Ed Yokomizo . . . welcome to Albany.

Mary's and Joe's Department Store is now Mary's and Joe's Casual Shop. The shop will specialize in sports equipment, sports wear, uniforms and very special casual clothes. A sale is in progress until March 7 with some real bargains to make room for their new lines. Don't miss it, girls.

Just a word of thanks to all of those who helped to make the Albany Chamber of Commerce dinner a "howling" success. To the committee, Tom Gabriele, and Frank Larimer . . . to Mr. and Mrs. Bill Simmons, Helen Smith, and Elaine Schneider on tickets and table decorations and to everyone who helped. Special thanks go to Jerry Dumont for a wonderful show.

## Albany City Attorney Rules on Legality Of Civil Service Commission Examination

As requested by the Albany City Council on February 16, City Attorney Robert J. Foley presented a detailed ruling to the council at its meeting this week, covering the reported elimination of the written portion of an examination for the purpose of securing Fire and Police Department eligibles from which promotions might be made by the heads of those departments. Except for a resume of his study of action of the commission during the period December 10 to January 29, both inclusive, and various citations covering cases in which civil service board actions were ruled upon, Mr. Foley's report reads as follows:

### RE: OPINION NO. 59-6

Honorable Council:

You have requested an opinion from the undersigned on the question of whether or not the Civil Service Commission is required to give written examinations for promotion in the classified services.

OPINION: It is my opinion that under the present City Charter of the City of Albany, and existing rules and regulations, that the Civil Service Commission is NOT required to give written examinations.

DISCUSSION: The Charter of the City of Albany provides, in Section 49, Sub-section (c), that the Civil Service Board shall formulate rules and regulations governing the selection and promotion of the members of the Fire Department and the Police Department. Subsection (d) of the Charter provides that it shall be the duty of the Civil Service Board to hold examinations and to administer other suitable tests for the purpose of determining fitness or qualifications for promotion. The Civil Service rules and regulations were adopted by the Civil Service Board on February 9, 1956. Nowhere in the Charter and regulations does it provide that the Civil Service Board is required to give written examinations.

Under Rule V, Section I, which refers only to entrance examinations, these rules provide that examination shall consist of written or oral tests, or any combination thereof. Under Rule V, Section 2, which provides for promotional examinations, there is no other requirement than a provision that the candidates for examination must meet the requirements of Section 49, Subsection (c) of the City Charter. (Then follows a detailed report on meetings and other action of the commission during the period under discussion.)

(An excerpt from this paragraph relative to the examination, is as follows.) Oral interviews, consisting of officials from police departments and sheriff's offices were retained for

the police promotional examination, and fire officials were retained as oral interviewers for the fire services promotional examination. Each examiner was instructed, at the time of the examination, that there would be no written examination, only the oral, and that each candidate should be weighed thoroughly, inasmuch as this was the only examination which would be given. (End excerpt).

The City Charter provides that Chiefs of the respective departments must fill their vacancies from an eligibility list furnished by the Civil Service Board (Section 49, paragraph (p)).

(Then Mr. Foley cites three California cases where the decisions reached would apply here.)

CONCLUSION: In view of the fact that the Charter of the City of Albany has no direct requirement for written examinations, nor do the rules of the Civil Service Board so require, and in view of the further fact that the action of the examining committee of the Civil Service Board which waived the written portion of the examination was ratified by a majority of that Board at the meeting of January 29, 1959, it is my opinion that the Civil Service Board did act within its powers in waiving the written examination.

Respectfully submitted, (Signed) ROBERT J. FOLEY, City Attorney.

## Graeber Elected Chairman Of Recreation Com.

Graeber served for three terms as President of the Albany Hi Dads Club, three terms as Post Commander of Albany Post No. 292 of the American Legion, and three terms as chairman of the local Selective Service Board No. 46.

Other members of the new commission are: Mrs. Kay Geering, 1439 Marin Avenue; Stanley D. Wilkins, 1316 Portland Avenue; Del E. Wisenor, 819 Talbot Avenue; and Clayton G. Berling, 630 Talbot Avenue. The commission, which meets at 850 Masonic Avenue, will choose a vice-chairman at its meeting to be held late this month.

## Herrick Guild Plans Dessert Card Party

Tilden Park's Brazilian Room, transformed into a bower of bright spring blossoms, will be the setting for Herrick Hospital Guild's Arch of Emeralds gala annual dessert-card party, starting at 12:30 p.m. on Tuesday, March 17.

## MOTEL FOR SAN PABLO GETS 4-1 APPROVAL

The Albany City Council this week approved granting of a "Use Permit" to H. B. Cheney covering two lots in the 900 block of San Pablo Avenue and three lots on the east side of Adams, for the construction of a Motel.

San Pablo frontage is 50 feet, and on Adams 75 feet. According to the architect's plans the entrance would be from San Pablo, and the exit into Adams.

Some weeks ago the request, which had been approved by the Planning and Zoning Commission, was denied by the council because of the high percentage of protests by adjoining property owners. At the hearing Monday night several new petitions were presented in which many former protestants signed in approval. Attorney Joseph Gaeta, representing the petitioner, explained that many of the former protestants had signed under a misunderstanding of the facts and now favored the plan. Mr. Cheney also spoke, asserting that he wanted to have the project fit in with the surrounding property, and that he desired to make the site one to be proud of.

It was impossible to ascertain the exact percentage of protests within the list of affected property owners, but it appeared to be approximately 27 or 28 per cent. As the ordinance involved calls for a four-fifths vote to approve where the protests go over 20 per cent, Mrs. Zahn moved to "deny," but her motion lost for lack of a second. Councilman Keck later moved to approve, with the proviso that the builder be permitted a minimum setback on Adams Street of 12 feet, "or whatever setback above that figure would best conform to other frontages on that street." This was passed, 4 to 1, Mrs. Zahn voting "No."

In another public hearing calling for reduction in setback, and rear yard waiver, requested by F. Hendrickson at 1350 Marin Avenue, each of the two requests was passed, 3 to 1, Mrs. Zahn voting "No," and Councilman Blank not voting, following his statement that he was an "interested party."

The council also approved the appointment of Vernon H. Freeman as Probationary Inspector, as of February 16, by Police Chief Jensen. Vote on this move was 4 to 1, Mrs. Zahn voting "No" in conformity with her protests two weeks ago against Freeman's eligibility. This followed an opinion from City Attorney Foley declaring the naming of Freeman and others to the Civil Service list as legal in every respect. The appointment of Glenn L. Thompson as probationary sergeant was approved unanimously.

Ratification of a contract with the City of Berkeley for use of the Berkeley dump by Albany citizens was approved by the council, Mrs. Zahn voting "No." The vote was 4 to 1.

First reading of Ordinance No. 50-01 — Change in sidewalk requirements on Lot 1, Block 2, Cerrito Hill (northeast corner of Poik and Solano Avenue). Approved 3 to 1, Councilman Blank not voting and Mrs. Zahn voting "No."

Acceptance of the resignation of A. Bartley McIntyre as Deputy Health Officer with "Regret" was approved unanimously. Recommendation of the appointment of L. Raynor Talley, of 857 Scaview Drive, El Cerrito, to succeed McIntyre, was approved 4 to 1, Mrs. Zahn voting "No" on the ground that she thought the city should advertise for applicants for the position, and that she thought the matter should be given more time for study. Talley is a graduate Sanitarian and is said to be an excellent choice by those who are acquainted with him.

Representatives of the backers of the proposed "Golden Gate Authority" wrote the city asking to be permitted to appear before the council to present "additional information and answer any questions." Robert K. Barber, President of the Alameda - Contra Costa Transit District appeared before the council Monday night and gave a brief summary of the district's plans.

IN THE History OF Pharmacy

by Harry H. Skinkle, B. S.

In 1240, the German Dr. Frederick II issued a law which was to create pharmacy an independent branch of welfare service.

The three essentials were: 1—Separation of the pharmaceutical from the medical profession.

2—Official supervision of pharmaceutical prescription.

3—Compulsory use of prescribed formula.

The first pharmacologist was not all strength causing much distress to the public when powerful preparations were ordered from country and dispensed in the country.

## In The Albann Churches

### CHRISTIAN SCIENCE

Man's God-given right to freedom and health will be brought out at Christian Science services Sunday in the Lesson-Sermon entitled "Man."

Scriptural selections from the King James Version of the Bible will include Luke's account of the healing by Christ Jesus of the woman "which had a spirit of infirmity eighteen years, and

was bowed together, and could in no wise lift up herself" (13: 11-17).

The following will be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (1831): "What is it that binds man with iron shackles to sin, sickness, and death? What enslaves man is opposed to the divine government. Truth makes man free."

The Golden Text is from Isaiah (44:5): "Now, O Lord, thou art our father; we are the clay, and thou our potter; and we all are the work of thy hand."

Christian Science Society of Albany meets at 533 San Pablo Avenue, Sunday Morning Services are held at 11 a.m., and Wednesday Evening Meetings are held at 8 p.m. The Sunday School convenes every Sunday at 9:30 a.m.

### GRACE LUTHERAN

At Grace Lutheran Church, Santa Fe Avenue at Ward, the Rev. O. R. Janke, pastor, will speak at both the 9:45 a.m. and 11 a.m. services next Sunday on the topic, "The Cry That God Hears." Holy Communion will also be administered in both services.

The lesson topic for the graded classes of the Sunday School meeting at 9:45 a.m. will be, "Christ Before Pilate, the Roman Governor."

In the midweek Lenten service next Wednesday at 7:45 p.m. the pastor will speak on the topic, "A Thankless People," the fifth in a series of sermons on "Witnesses of the Savior's Suffering."

### ST. ALBAN'S EPISCOPAL

7:30 a.m. Celebration of Holy Communion.

9:15 a.m. Morning Prayer and sermonette followed by Christian education classes from the nursery through the adult Bible class, the latter being taught by the rector.

11:00 a.m. Morning Prayer and sermon on "Making Prayer More Effective in Our Lives." Nursery care is provided and a coffee hour, to which all are invited, follows.

The rector is the Reverend Anna Hathaway Blackledge.

### FIRST BAPTIST

Erik Madsen will speak both morning and evening Sunday. The Morning Worship Service begins at 11:00 a.m. Mr. Madsen will speak on the subject "Master of the Plan." The Chancel choir under the direction of Mrs. LaFayette Hill will sing "The Lord Is My Shepherd." Mrs. Collicott will sing a solo. The Evening service begins at 7:00 p.m. Mr. Madsen will speak on "The Call of Faith." This is a one hour service of Music and Message. The Youth Choir will render special music.

## Governor Brown Explains Stand on Use Of \$160 Million Fund for Water Projects

SACRAMENTO — A series of of all parts of the State, including San Luis Obispo, will do that.

great water needs, both present and future, were cited by Governor Edmund G. Brown this week in support of holding the State's \$160 million investment fund exclusively for the State's expensive water development program.

Monday, he flew to San Luis Obispo to participate in the ground-breaking ceremony for the nearby Whale Rock Dam project. It will be built on a cooperative basis to serve the water needs of the San Luis Obispo campus of California Polytechnic College, the California Men's Colony and the City of San Luis Obispo itself.

The Governor hailed the \$7 million project, which is financed jointly by the State and City, for its contribution to the solution of the immediate problem, but added:

"Local projects like this are not enough to meet the challenge of California's future growth. Only a state-wide water project which will meet the legitimate demands

Earlier, taking note of the dedication of Coalinga's pioneering brackish water conversion plant, he observed that the Kern County city will thus reduce the cost of usable water there from \$2300 an acre foot (the cost of water shipped in railroad cars) to \$485 an acre foot.

When the State's water program is complete, however, the cost will be cut to roughly \$30 an acre foot, he said.

"There, obviously, is the ultimate solution," the Governor declared. "It is the solution not just for a community such as Coalinga, but for every community in the State that needs water now or in the future."

State Director of Water Resources Harvey Banks discussed a third illustration of the scope of the problem at a Governor's Council session, the first of the new Administration.

"We had estimated that Santa Maria would not get water under

the state-wide program until the mid 1950's," Banks said. "Then the missile base went in there where the ground water basin is already overdrawn. Now water is needed desperately and a \$100 million aqueduct will have to be built to handle the big population upsurge. The same could happen to any town or city in the State if it should suddenly find itself the center of a big new industry or activity."

"Almost everyday since I have been Governor some facet of this State's great need for an all-out water program has been brought to my attention," the Governor commented later.

"We are going to need every available dollar in the investment fund to get a truly state-wide water program under way that will meet all requirements. That \$160 million is the down payment

on California's future." He said he was confident the long delay in getting way on a state-wide program would end in this session of Legislature.

Governor Brown also clear that dedication of the investment fund would not interfere with tideland oil revenues which are now assigned to park development.

**Your meters make a pretty good calendar**

Easy telling the time of year by your P. G. and E. bill. When it's cold and the nights are long, it takes more gas and electricity to make you comfortable.

Winter makes extra work for most all your appliances. Even this winter, which is milder than usual, you're indoors more . . . using more heat, more lights . . . brewing more coffee, watching more TV and so on. And if your home is like most, you have more appliances this year helping you to live better. The chart at right shows how the use of natural gas, for example, goes up when the weather is colder and nights are longer . . . and why your P. G. and E. bill is higher. Of course, the unit cost of gas and electricity goes down as your use increases giving you even greater value for your utility dollar!

WINTER OR SUMMER—gas and electricity are cheap in California

## Ex-G.I. Parlays Army Experiences into Big \$\$

Mort Walker, an easy going, unassuming young man of 34, has parlayed five years in the army and an off-beat sense of humor into a successful living as the creator of the most popular comic character of the past 25 years: Pvt. Beetle Bailey. The first collection of Beetle Bailey cartoons ever published has just been released by Dell Books (\$1.00). The book includes a number of the most popular syndicated strips plus more than 100 cartoons prepared especially for the book, two of which are shown here.

Syndicated to more than 700 newspapers throughout the world, Beetle Bailey has more than 40 million readers each day! Mort Walker has often been called a cartoonist's cartoonist and according to *The Freelancer*, a professional magazine for cartoonists and artists, can "easily be classified as one of the all-time masters of American humor."
